

## SuSanA WG10 - searching for new co-lead

Posted by Langergraber - 06 Dec 2012 07:51

---

Dear SuSanA members,

after several years Elke Müllegger from EcoSan Club Austria stepped back as co-lead of WG10 &quot;Operation and maintenance&quot;;

I would like to take the opportunity to thank Elke for her work for WG10 especially for her contributions during preparing the WG10 factsheet.

This means that WG10 is searching for a new co-lead now. If you are interested please send an email to the SuSanA secretariat (

This e-mail address is being protected from spambots. You need JavaScript enabled to view it

).

I am still available as WG10 lead. However, if someone else in WG10 would like to take over, please let us know.

We are looking forward to receiving man interesting applications,

With best regards,

Guenter Langergraber

Lead SuSanA WG10
